

## **Newsletter 07/04/2016**

### **Attendance and punctuality**

It is essential that children come to school every day if they are to achieve to their fullest potential. Our attendance figure is currently at 95% which is below the national average. Our aim for next term is to achieve 96% or above. If your child is genuinely ill, please inform the school office by 9:30am.

**If your child arrives after 9.15am then the morning session will get marked as an unauthorised absence.**

Children arriving after 9:15 must be accompanied by a parent to the school office.

### **Holidays during term time.**

Unfortunately, we have had a large number of children going on holiday during the term, and as a result, there has been a significant drop in our attendance figures. We would like to urge parents to avoid planning trips during term time as not only do children miss a tremendous amount of work they also a make very little progress at the end of the school year. This has been proven to be the case when children return from a long absence, as they have a huge gap in their knowledge and they are unable to catch up on missed work.

### **Message from the school governors**

Recently, we sent out a letter requesting parents to complete an online questionnaire. We would like to request those parents who have not yet done so, to please take out a few minutes to complete it. Deadline for this questionnaire is Thursday 14<sup>th</sup> April. JazakAllah Khair.

Please click on the link below to direct you to the questionnaire

### **Fees increase in May 2016**

Parents are kindly reminded to change the direct debit for the new fees amount for the May payment. If any parents have any concerns regarding the fees increase PLEASE ring the office to discuss it with the head teacher.

### **Spelling and timetable competition**

Alhamudlillah the spelling and timetable competition was a huge success. The children of both Rawdha and Al-Ikhlaas (Nelson) competed against each other and had an enjoyable day. Well done to the spelling competition winner Anisah Bashir (year 4) and the timetables winner Maryam Saeed (year 4).

### **School closure**

School will close on Friday 8<sup>th</sup> April at 12:00pm and re-open on Monday 25<sup>th</sup> April and 8.45am. We pray you all have an enjoyable and relaxed holiday Inshallah.

## Rawdhatul Uloom Primary school

North street, Burnley, BB10 1LU Telephone: 01282 832170

### Our children's amazing work

#### Year 6 art project

Our year 6 girls have been hard at work creating a wonderful Muriel in the form of a landscape. This was turned into a curtain to use in their classroom.

Well Done!

*Once upon a time in a faraway land there was a garden of knowledge, in the heart of a small town called Burnley. In this garden of knowledge hundreds of seeds were planted. Each seed was unique and individual. As days became weeks and weeks became months and months became years, these seeds blossomed into the most elegant and beautiful flowers...*

*These flowers are none other than the amazing children of Rawdhatul Uloom Primary School.*

### Year 5 art work

During art sessions, the year 5 class have been busy designing their own tree silhouettes. They spent a lot of time creating beautiful backgrounds to back their silhouettes onto. Fantastic work year 5! Keep it up!

### Year 4 English

During English, the year 4 class have been studying stories written by significant authors, one of which was Roald Dahl. The children used the BFG as a stimulus to write their own descriptions of a setting, character and plot.

This display showcases their fantastic pieces of writing.

### Year3 British Values

Year 3 have been looking at ways which make them feel proud to be British.

*I am proud to be British  
because I can go to an  
Islamic School  
Esmaeel Shahbaz*

### Year 2 Islamic studies

The year 2 class have been learning about the lives of Prophet Adam and Nuh and have written about the significant events that occurred during their life time.

### Year one English

The year ones have worked tremendously hard to create this beautiful display to showcase the work they have completed based on the story 'The Tiger Who Came To Tea'.

### Reception Computing

Our wonderful reception children have been using their computing skills to write their names and what they enjoy doing.

### Relaxing afternoon

After a long week of assessments, the year 6 children were rewarded with a relaxing afternoon filled with creativity. The children looked at Pablo Picasso's cubism style of painting and designed the front entrance of our school. What an amazing piece of work year 6! We look forward to seeing this displayed in the school.

### Baking using maths skills

Our year 6 children have been putting their maths skills into practise and baked some scrumptious cookies. Sadly, the children ate up all the cookies before we could take pictures of the end result.

### British Science week

Alhamdulillah, the children thoroughly enjoyed participating in British Science week. Below is a picture of the posters the children created to be sent off for the competition.
